BODYCRAFT

EXP SERIES™

INNER & OUTER THIGH

Achieve toned, shaped, and strengthened leg and hip muscles with the BODYCRAFT EXP Series Inner/Outer Thigh machine. This versatile equipment offers various thigh exercise variations. The thigh pads swivel in or out depending on the exercise being performed, moving freely with the body to eliminate pinch points and ensure a comfortable and safe workout experience.

Elevate your workout comfort with our ergonomic seat pad. Designed for your well-being, it promotes proper posture, minimizes discomfort, and maximizes exercise efficiency.

Enhance workout versatility with adjustable start positions for inner and outer thigh exercises. Target specific muscles, adapt to comfort, and customize training for comprehensive strength and toning.

Gain support and stability in workouts with integrated handles. They ensure a secure grip, aid balance, and boost confidence in exercise performance.
